

KAVACA

SUPREME

Kavaca Supreme is a transparent paint protection film with outstanding hydrophobic and anti-graffiti properties. The chemical resistance of the PPF allows the film to withstand even the most aggressive permanent markers. With Kavaca Supreme you may be sure that your film will stay clear and transparent event after years of usage.

PRODUCT INFORMATION

FEATURES:

- High gloss surface
- Hardened Top coating
- No orange peel or glue marks with PPF Installation Gel or PH neutral Shampoo Solution
- Outstanding chemical and contamination resistance
- Advanced staining resistance
- Scratch Healing by heat-gun with temperature above 180°C
- Resistance to high temperatures
- Outdoor lifetime: 5 years
- Shelf life: 5 years from the date of manufacturing
- 12 years limited warranty

USAGE AREAS:

- Exterior
- Interior
- Wheels
- Rims

PROPERTIES:

- GLOSS: >96% (60°)
- TRANSPARENCY: >95% (Haze meter)
- HYDROPHOBIC: >100° (Water contact angle)
- SELF-HEALING: >180° (Heat gun)
- ANTI-YELLOWING: <0.6 ΔE (Q-UV 1.000 Hours)
- 100% MODULUS: <150 kg/cm² (ASTM D412)
- TENSILE STRENGTH: >300 kg/cm² (ASTM D412)
- ELONGATION: >300% (ASTM D412)
- PEEL ADHESION: >1.400 g/in. (ASTM D3654)
- THICKNESS: >190±2 micrometers

PACKAGE:

Branded Carton Box (12,5 KG)

ROLL SIZE:

1.52 x 15 meters

INDUSTRIES:

- Automotive
- Aviation
- Marine

TEST RESULTS

Kavaca Supreme PPF has been exposed to non-yellowing testings (KS M ISO4892-2:2012, KS A 0066:2015, KS M ISO 2813:2015) by KTR - Korean Testing and Research Institute. The Institute is known as an international recognized testing body (ISO/IEC 17025).
